g. All commercial trucks will be lined up along Main Street, facing west, numerically. (Please try to stay next to the left hand side along the street and be careful not to walk on the landscaping.

2. Parade Requirements: We would appreciate it if all entries would keep a minimum of 30 feet between each unit during the parade. There will be a parade official at the corner of 13th and Main to direct you.

3. Announcer: In front of the City Hall will be an announcer so when you get to that point you might consider slowing down and pausing while the announcer reads your parade information before moving on. We are a small parade so time is not essential for us. A few minutes will not hurt to get behind. We just don't want large gaps as the crowds will get agitated.

4. Distribution of Candy: In order to reduce risk factors, distribution of candy and material should be done as follows:

- a. Candy and materials can be handed out to the crowd
- b. If candy is thrown to the parade crowd, it should be thrown out as far as possible to lessen the risk of children running in the streets
